* blue denotes returning college students

* red denotes graduating high school students

These donors deserve a huge thank you for supporting our kids in their higher education career. THANK YOU!!!!

The scholarships are administered by the Crook County Foundation. The Scholarship Committee is dedicated to reading all submitted applications and selecting recipients based on individual scholarship criteria, student performance and need. Many of these scholarships are available to college students and we encourage them to apply.

If you are interested in setting up your own scholarship, please contact Daleena Green at the Foundation to discuss your options. **Again, congratulations to all of our scholarship recipients and thank you to our donors!**
